PEST PROOF DOOR SEALS

Rodent Proof Dock Leveler Seals with Slide-'n-Seal Technology

rodentBLOCK Dock Leveler Seals with feature patented fill fabric, provides a barrier that is impenetrable to rodents and other pests.

These dock leveler seals are easy to install, fit most common leveler sizes and types, and are simple to replace — simply slide out the old seal and slide in the new seal. The durable rubber provides a dependable weatherseal that can pay for itself in energy savings.

Dock leveler seal features:

- Durable rubber outer with filling
- Keeps pests out while providing a reliable weatherseal
- Slide-'n-Seal replaceable rubber seal fits most standard brush retainers
- Fits most levelers up to 96" long

rodentBLOCK Dock Leveler Seal Kit

Optional Galvanized Steel Channel (Welded to pit or leveler)

Aluminum Retainer

Slide-'n-Seal

Kit includes:

- (4) 4' Aluminum retainer sections
- (1) 16' Slide-'n-Seal gasket

Optional hinge seal — not required for levelers with continuous or “piano” style hinges

Note: Hinge seal installation requires welding

For complete protection of the facility, we recommend Door Bottom Seals and Door Sweeps for all dock and access doors.

Use in any location that requires reduced or eliminated chemical pest control:

- Food processing facilities
- Storage and warehouse facilities
- Food distribution centers
- Grocery stores
- Pet stores
- Supercenters
